## EXPERIENCE

### **Royal Solutions Technology, Nigeria— Intern**

February 2020- February 2022

Collaborated closely with seasoned software developers to handle API development, database operations, and various other responsibilities ensuring efficient project execution.

### **Clie Systems, Remote— Junior Full-Stack Developer**

May 2023 - PRESENT

As a full stack dev, I specialize in managing various API-related tasks, including API development. My focus here is on Mobile Development and managing robust and secure servers

### **Self Employed, Nigeria— Full-Stack Developer**

March 2022 - April 2023

I have worked on a variety of projects, spanning from small-scale responsive websites to large-scale mobile applications such as DiscreetNet (an anonymous social media app) and Trollz Store ( an ecommerce store).

You can find my work on my Github:

<https://github.com/tomurashigaraki22>
